# Ankur Singh

## Frontend Developer(React)

### PROFESSIONAL SUMMARY

Passionate frontend developer proficient in React.js, JavaScript, HTML, and CSS. Adept at designing responsive, visually appealing user interfaces. Skilled in using Generative AI and quick to learn new technologies. Known for problem-solving abilities and strong collaboration with cross-functional teams.

### WORK EXPERIENCE

#### Sanjeevni Kalyan Samiti

Loan Officer

June 2022 - May 2023

#### Job responsibilities:

- Guided the team and provided support to clients throughout the loan process.
- Ensured thorough loan assessments and compliance with lending criteria.
- Facilitated smooth and accurate loan disbursements.

### PROJECTS

#### 1. E-Commerce Website | |

JavaScript | React | Git | HTML5 | CSS3 |

#### Responsive Web Design | Chakra UI

- Developed user-friendly, responsive web interfaces using React.js and Chakra UI.
- Implemented core functionalities such as user authentication, sign-up/sign-in, and add-to-cart features.
- Integrated frontend components with a server-side API to create seamless shopping experiences.
- Ensured cross-browser compatibility and optimal performance across various devices.

#### 2. Bewakoof.com | |

JavaScript | Git | HTML5 | CSS3 | Bootstrap |

#### Responsive Web Design

- Recreated the Bewakoof.com website with a focus on responsive design and performance optimization.
- Utilized JavaScript, HTML5, CSS3, and Bootstrap to replicate the site's visual identity.
- Ensured mobile-friendly design and cross-browser compatibility.
- Improved website performance to deliver an enhanced user experience.

#### 3. Skin Store | |

JavaScript | Git | HTML5 | CSS3 |

#### Responsive Web Design

- Cloned the Skin Store website prioritizing responsiveness and performance.
- Implemented HTML5, CSS3, and JavaScript to maintain the site's visual appeal.
- Optimized the site for various devices and browsers, ensuring high performance.
- Focused on maintaining brand integrity while delivering a functional clone.
